

FACT SHEET

TOP HAT CATERING

Overview

Meals on Wheels, Etc. is committed to helping seniors in Seminole County live healthier, more independent lives by providing nutritious meals and essential support services. As the need for these services continues to grow, we know that donations and grants alone aren't always enough to meet the demand. That's why we created **Top Hat Catering**.

Every day, our kitchen prepares fresh, nutritious meals for seniors across Seminole County. We realized that the same culinary expertise and commitment to quality could also serve local businesses, families, and special events—while generating vital funding to support our mission.

100% of the proceeds from every catered event are reinvested into Meals on Wheels, Etc., helping us provide nutritious meals and vital services to local seniors.

A Chef with a Passion for Community

Led by Executive Chef Delaño Lambertclare, Top Hat Catering offers customized menus featuring elegant plated dinners, buffets, and much more. Whether serving a small gathering or a large celebration, our team is committed to delivering exceptional food and outstanding service.

Top Hat Catering is more than a business—it's an investment in our community. When clients choose Top Hat Catering, they're not only creating a memorable event, they are also helping to ensure that local seniors receive the nourishment, care, and connection they deserve.

Every event gives back. Every meal makes a difference.
